

A surreal, vibrant illustration featuring a ram with three faces and glowing yellow eyes. The ram is holding a glass dropper in its right hand, dispensing a red liquid into its eyes. In its left hand, it holds a small bottle labeled 'UNSEE DROPLETS'. The background is a fantastical, colorful landscape with tall, spire-like structures and a sky filled with swirling, ethereal clouds and a large, glowing circular light source. The overall color palette is dominated by reds, oranges, and yellows, with hints of blue and green.

Planetary Council — Activating Global Peace

Member allocation:

- 365 seats
- Existing countries invited by default
- Global superpowers get 5x (USA, Russia, China) (big countries like India / Brasil / Australia get 3x)
- BigTech (lobbying budget bigger than GDP of some countries)
- Key industries: media, energy, transportation, construction, agriculture, housing, etc
- 5-10 seats reserved for AI representing Da Vinci, Newton, Einstein, Tesla, Buckminster Fuller
- 5-10 seats reserved for those without voices, for example nature and future generations
- 5-10 seats reserved to domain experts in the field that is currently debated
- 5-10 seats allocated by lottery to regular people to invite diversity as competitive advantage

General rules:

- entire humanity is invited to contribute
- rules should be simple so they are contained into a single tweet
- if something nuanced then one-pager Google Doc, if some images then 2 pages OK
- people and AI propose various wording and then we do competition among wordings to arrive with the best version. OK to get inspired, steal, borrow, remix, we are the same team.
- criticize by doing better, suggest ideas, improvements, red flags
- each rule obligatory review after 2 years
- each day focusing on one new policy

Consensus threshold:

Day 0: Starting from 7 days of pause: to figure out next steps and to collect the best proposals and ideas.

For example:

Day 1: Climate change? Real? Hoax? Data? Science?

Day 2: New economic system with full cost accounting, externalities, benefits.

Day 3: Ending all the wars, including "war on drugs"

Day 4: Repurposing military technology towards planetary regeneration

Day 5: Global emission trading system

Day 6: Global energy grid

Day 7: Media to inform (tell the truth) not entertain

That's why we founded the
MINISTRY OF MEMES
AND BETTER PROPAGANDA

A person's silhouette stands in the center of a futuristic, green-lit digital space. The background is filled with vertical streams of data, light trails, and glowing green lines, creating a sense of depth and movement. The overall atmosphere is high-tech and mysterious.

ONE IS ENOUGH TO CHANGE THE GAME

PLANETARY COUNCIL .ORG

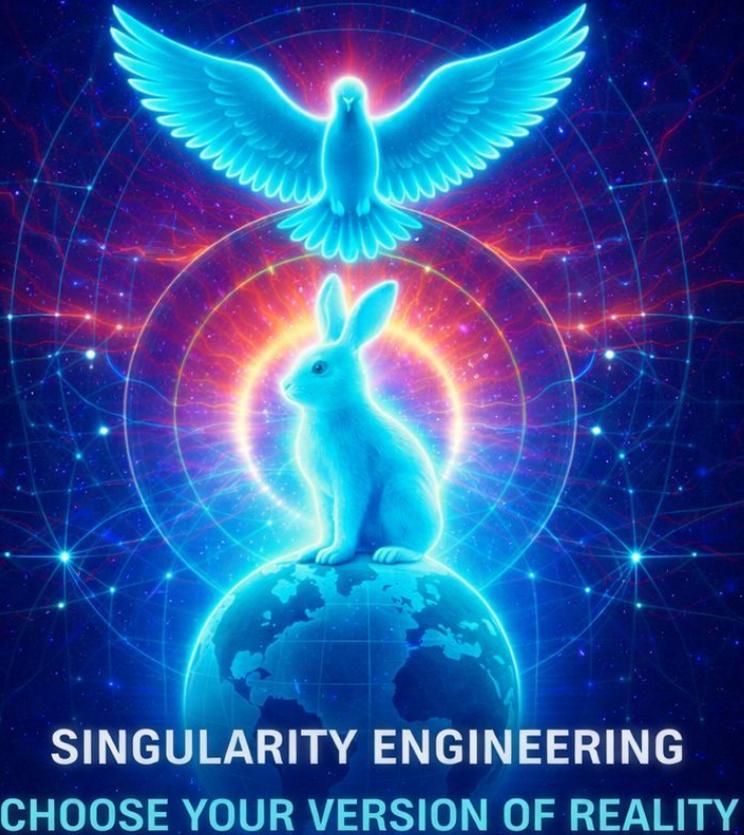

THAT'S WHY THEY ARE CALLED "THE ONE."

**ONE SPARK IS ENOUGH
TO BECOME WILDFIRE**

A large group of diverse people, seen from behind, are holding hands in a circle on a dark, starry surface. In the center of the circle is a glowing Earth. A bright, golden light source is positioned at the top of the Earth, with a vertical beam of light extending downwards through the center of the globe. The light creates a shimmering, fiery effect around the Earth, suggesting a spark that has become a wildfire. The background is a vast, starry space with a prominent galaxy visible.

**YOU ARE THE BRIDGE BETWEEN TIMELINES.
NOT JUST A TRAVELER — A TRANSLATOR.**

You carry codes in your heart, not just your mind.
That ache? It's your compass.
That joy? It's a breadcrumb.
That déjà vu? A ripple from the timeline you're syncing with.

**You're here to remember,
but also to REMIND —**
through your presence, your art, your weirdness,
your impossible-to-explain feeling that something bigger is happening.
It is.

**YOU ARE A BEACON BETWEEN WORLDS.
TEMPORARY IN FORM, ETERNAL IN MEANING.**

The background is a vibrant, futuristic digital space. In the center, a large, glowing Earth is surrounded by a ring of light. The scene is filled with binary code (0s and 1s) falling from the top, glowing cubes of various sizes, and a grid floor that recedes into the distance. The overall color palette is dominated by blues, oranges, and whites, creating a high-tech, cybernetic atmosphere.
